Gifts and Entertainment Policy

1. Purpose
As a business we pride ourselves on the relationships we have with the organisations and people we do business with, and the difference we make together in creating better experiences for our customers. One of our core values is ‘We do the right thing’ and this important core value applies to every aspect of our business, including the way we interact with our suppliers and other stakeholders.

We are committed to being honest and objective and acting with integrity every day. To help our team remain objective, avoid the perception of impropriety, and create a level playing field for all of our partners, our Gift and Entertainment (G&E) Policy is to not accept gifts, and only to accept entertainment in accordance with this Policy. This includes from any supplier, potential supplier, government, or any person we believe may be seeking to influence our business decisions or transactions. Examples of gifts and entertainment include things such as physical products, supplier-paid trips, tickets to sport or entertainment events, and any other personal favours.
